## TE KARERE O TE KURA

1 July 2019

Kia ora whanau

A busy week this week with lots happening.  
Please read on to catch up.

### **Parent Interviews** (except Room 4 pupils)

A reminder that this Wednesday we will be holding parent/teacher interviews from 2pm.  
Reports will be handed out at interviews.

Teachers should be sending home interview times this afternoon.

Please remember that you can make arrangements to see your child's teacher another time.

**School will finish early at 1pm on Tuesday**, however the buses will run at their usual times and bus children will be looked after until the buses leave. If you wish to take your child earlier please sign them out at the school office so that we know your child will not be traveling on the bus that afternoon.

As usual, **we expect that every child will have someone that will attend to discuss their child's progress.** We hope that this will mean that all parents/caregivers are clear about how well their child is doing at school, with plans set in place to address any issues if applicable.

### **Room 4 pupils**

Due to the teacher in Room 4 being currently away there will be no parent interviews for them this term. Instead reports will be sent home with pupils this week. Parent interviews may be arranged for next term.

# City of Fire

*The most frightening place in the entire universe is the city of fire. The lands were filled with beasts and castles of doom. There were big cannons protecting the city and flaming knights at the entrance of the city gates.*

*A long time ago there was a peaceful land with forest and nothing was wrong. All of a sudden a group of people were camping, and burnt it down by accident. A wizard created beasts to build the city, and he became the most powerful being alive. He killed anyone who came on his turf. There were enormous walls that cut off normal land and his burnt land.*

*The twenty people who entered his turf died from starvation because they were kept in the dungeons and never got fed. More and more people wanted the land back so they got ready for war. They trained for weeks so they could be strong enough to defeat the beasts. The people marched over with big cannons and shiny armour. They broke down the city gates and barged in. they slayed the beasts and it was just the wizard left.*

*The wizard was put into slavery for the rest of his life.*

The John-Wick Series

100 years ago a portal popped up in the Dinosaur World. The dinosaurs went through it. The portal took the dinosaurs to 2019. John -Wick saw the portal open up and the dinosaurs came through it. The dinosaurs started to eat the people.

John -Wick started to shoot the dinosaurs so they wouldn't eat anymore people. When they died they went back to their world.

John-Wick ran out of bullets. He had a plan to close up the portal so no more dinosaurs would come through. He made a laser gun with a booster button on it. The booster button closed the portal. He had to recharge the laser. For a minute he didn't have enough time because four T-rex`s were knocking down the building.

John-Wick had to grab his other guns to make his laser gun charge faster. It was ready. He used the booster button again to kill four T-rex`s. John-Wick won. The building started to break. He ran fast. He did it. No more portals. No more Dinosaurs.

The End
