## TE KARERE O TE KURA

19 September 2019

### **Gala Result.**

What a wonderful day! We hope you all enjoyed yourselves. The first time in many, many years that we have had a weekend gala so it was something of a learning curve for us but we are certainly happy with the result.

Fundraising results. The gala, after costs, netted us \$10150. With all the fundraising being done recently we have raised \$20038 towards our snow trips. Not quite reached our target but getting close and we still have a few small fundraising events on the go. We can make it! A huge thank you to all our whanau and local community for your support. A big effort with so much success!

**Facebook - Our**  
Moerewa School  
facebook is now live.  
Please like our page in  
order to be kept up to  
date with school events.

**Oscar and Breakfast  
Club will be closed  
all next week due to  
staff being away on  
our school trips.**

### **Trips next week.**

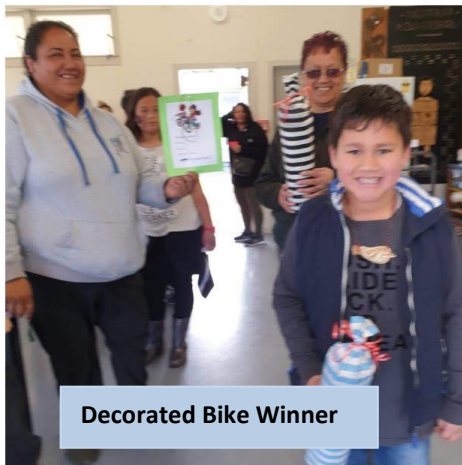

Whanau will have been  
contacted if we know your  
children aren't going on  
camp next week.  
Discussions will have taken  
place so that you know  
what plans are in place for  
your child/ren.

### **School Holidays**

School finishes for Tperm 3 next Friday 27 September. Term 4 starts Monday 14 October. Have a great holiday!

Please be aware that we are having a number of old damaged trees removed over the holiday period. It is extremely important that everyone stay away from our school grounds over this period. Please make sure your children understand this. Later in Term 4 we may have firewood for sale for those interested.

Dear Parent or Guardian

**Re: Protecting your child against measles**

You may be aware that there has been an increase in the number of measles cases in New Zealand with some Northland cases.

We are offering a free MMR immunisation at your child's school on **Thursday 17<sup>th</sup> October 2019**.

**MMR vaccine provides safe and effective protection against measles, mumps and rubella**

MMR vaccine has been shown across the world to be a safe and effective way of preventing measles. It can protect your child and others against measles infection and its serious consequences.

One dose of MMR vaccine protects about 95 percent of people from measles, and two doses protect about 99 percent.

If your child is **not vaccinated** and you would like your child to receive an MMR vaccination, please collect a form from the school office, complete it and **return to school by Monday 14<sup>th</sup> October 2019**. If this day for the vaccination is not suitable, please follow up with your family doctor.

If you do NOT want your child to have the MMR vaccination then you do NOT need to complete a form.

If you would like more information please contact your Public Health Nurse.

Yours faithfully,

Phillippa van der Pol  
Public Health Nurse (Mid North)  
Northland District Health Board
